

Que's Privacy Policy

Last updated: 21/09/2022

What data Que collects?

- Servers and users IDs;
- Que Bot's server configs;
- Warned members IDs;
- Messages are not collected, but can be analysed if AntiFlood system is enabled;
- If you want to purge all logged messages by Que Bot, please reach our Tech Support!

Why does Que collect this data?

- To save Que Bot's configuration files;
- To save all moderation changes in every server before they get changed;
- For Tracking Information.

If you see anyone breaking Que's Privacy Policy, please report them to our Support Server!

Que's Terms of Service

Last updated: 21/09/2022

What is Que Bot's Blacklist?

QueBot's Black list is a list of users/servers/bot who have broken QueBot's Terms of Services.

Once you get in to it, there is no way out!

You can get in to Que Bot's Blacklist...

- For trying to make bot get rate-limited, with doing a lot of commands at the same time;
- For exploiting bot vulnerabilities to harm someone/something;
- For breaking Que Bot's or Discord Terms of Services;
- For inappropriate behavior;
- For spreading false "rumors" about the bot (for example: "This bot is nuking servers!", etc.);
- For trying to hack the bot.

If you see anyone breaking Que's Terms of Service, please report them to our Support Server!
